UO FIP Briefing Paper Final_v3.docx

Hi there,

I have added the following bullet to the attached version. Hopefully it meets your needs.
Thanks, Dee

- The U&O FIP does not cover new sources, since they are regulated through the proposed national oil and gas regulations and would have been cost prohibitive to include in this FIP. A Non-Attainment FIP for this area would include both new and existing sources.

Darcy,

Here is the revised briefing paper incorporating Callie's comments and our discussion.
Let me know if you need anything else.

Thanks,

Claudia
